MAKE IT YOUR OWN

Before you start building and decorating your model, make a plan. Do you want to make an exact replica of the project below or create something with your own Wonder Woman™ flair? Anything goes!

PLAN

For this project, it's easiest to paint your model with all of the pieces assembled.

TECHNIQUES

Use a standard paintbrush, and take your time on the smaller details.

COLORS

Start by painting the central Wonder Woman emblem of the model yellow. Then, once that paint is dry, outline the edges with a fine black line. The stars in the ring around the model should be painted white and the ring itself painted red. Lastly, add a fine blue line around the very edge of the model.
